FIFTY-EIGHTH CONGRESS.

Regular Session.

Washington, Jan. 9.-Senate-Alleged post office frauds were under disussion in the senate Friday, the subect being opened in a set speech by Mr. Simmonds (N. C.), who insisted there should be an investigation by he senate into the charges. Mr. Platt (Ct.) denied that the republicans were trying to cover up any wrong-doing in the post office department and said they simply were contending that the post office committee should ascertain what was to be investigated. The discussion was participated in by Messrs. Burrows, Dolliver and Quarles on the epublican side and Messrs. Carmack, Fillman and Teller on the democratic side. The senate adjourned until Mon-

House—The house made available the sum of \$250,000 to be used to meet the emergency caused by the ravages of the cotton boll weevil and other insects and diseases affecting cotton. The measure was adopted without di vision, meeting general support. sum is to be diverted from the half million dollars appropriated last year to eradicate the foot and mouth disease among cattle. Pension bills to the number of 115 were passed. The ouse adjourned until Monday.

Washington, Jan. 12.-Senate-Senator Hepburn introduced in the senate Monday a resolution directing the stay of all proceedings now pending on any application to enter or patent even numbered sections of public lands in ieu of odd numbered sections owned by any railroad within the limits of forest reserves created by executive order. Railroad companies and individuals have been compelled to surrender public lands within the territo ries set aside by the president for for est reserves and are selecting land outside of such reservations in place of the land surrendered. Senator Hepburn's resolution declares the intention of congress to be that railroad companies shall not receive as grants any even numbered sections of the public lands and that all such even numbered sections should be reserved for individual settlement.

House-No business of general importance was transacted in the house

Washington, Jan. 13.—Senate—For almost five hours Tuesday the senate debated the Panama question and it was still under consideration when the senate adjourned. The discussion arose a resolution looking to the arbitration of Colombia claims on account of the Panama revolution.

House-The house for more than five hours considered the legislative, executive and judicial appropriation bill, but reached no conclusions on it. A variety of topics, including Panama and the tariff, were discussed during the course of the debate. When the item in the bill providing for the expenses of the civil service commission was reached Mr. Hepburn (rep., Ia.) took occasion to express his opposition to the civil service system as it now exists and expressed a desire to amend the bill by striking out the paragraph providing for the expenses of the commission. Discussion of the civil service was pending when the house adjourned.

Washington, Jan. 14.—Senate—Panama was again the principal subject of consideration in the senate and, as or Tuesday, the debate was spirited. Mr. Carmack opened the proceedings with a set speech in pointed criticism of the president's course and was followed by Mr. Spooner, the only speaker of the day in defense of the president's action as lawabiding, and in defense of the president himself as a "patriotic, brave and true man." Before the Panama subject was taken up there was a brief but lively discussion between Messrs. Patterson and Scott of the la-

or troubles in Colorado. House-After a lively debate lasting three hours the house Wednesday, in committee of the whole, by a vote of 78 to 65, struck out of the legislative, executive and judicial appropriation bill the paragraph providing for the salaries and expenses on the civil service commission and clerks employed under the commission. Notice was given by Mr. Bingham, in charge of the bill, that a yea and nay vote will be demanded on the amendment striking out the provision for the expenses of the civil service commission when the bill is reported in the house. No conclusion was reached in committee on the legislative bill.

FREE RECLINING CHAIR CARS.

"The Henderson Route"—Always First The traveling public will be pleased to learn of the latest innovation in the way of comfort in travel for its patrons which is now being offered by that most popular railroad, the "Henderson Route, which road has been rightly termed the "Kentuckian's Official

Route to the West and Southwest." It has just been announced from the general office of the Louisville, Henderson & St. Louis Railway that they now have in service on their night trains between Louisville and St. Louis, Free Reclining Chair Cars, which have just been received from the sheps and are a revelation in the car builder's art.

The cars are strictly up-to-date, firstclass "palaces of travel" on wheels, and this is only one of the many surprises which are promised the public for the World's Fair travel by the Henderson Route.

Among other advantages offered in these highly finished cars, a few of the most important points only are men-

They are solidly vestibuled and are furnished with sixty-four reclining chairs, which are upholstered in beautiful green plush, in addition to smoking and toilet rooms, the smoking rooms being finished throughout in leather. They are also fitted up with triple trucks, which feature will do away with the jerk, jar and strin incident to travel in the ordinary railway coach, and insures a smooth, comfortable ride. This should prove more than a popular feature in train service to the traveling public, and you can only suggest that in traveling you "get the 'Henderson Route' habit."

OF PLENTY

I wonder why it is that so many men spend their days working hard on rented farms, barely making enough to get along, with no great prospect ahead of owning their own homes, when within a few

hours' journey is a land of plenty -Nebraska-where all kinds of grain and fruit can be raised with the least amount of labor; where cattle and hogs fed on corn bring a handsome profit; where the climate is healthful and churches and schools abound; where land is cheap and can be bought on very easy terms.

Think of this, and if you want information about the country send to me for "The Corn Belt," a beautifully illustrated monthly paper that tells all about Nebraska, and also for "The West Nebraska Grazing Country," an interesting illustrated booklet containing a large sectional map of Nebraska. On the first and third Tuesdays

of each month during the balance

of this year cheap excursion
